Dear Parent

As your child has recently started school I attach a copy of our Home/School agreement for you to sign. Home/School agreements were initiated by the Government some years ago. They state what our school will do for your child, what your family will do to support the school and how your child will keep the school rules. The final section is a commitment from parents and the school to work together.

I realise your child is still very young but would appreciate you talking about the agreement with him/her.

Many thanks

Yours sincerely

Mrs S Marshall  
Headteacher
